

## **Be informed about North Korea missions.**

Receive updates by email from the World Center for North Korea Missions ([www.nkmissions.com](http://www.nkmissions.com)).

Imagine you were born in a country where everybody lives in constant fear. Any word against the government is grounds for execution or imprisonment. If you say you believe in God or that you're a Christian you will be shot within minutes. You must think what the government tells you to think, you must act how they tell you to act, and you must do exactly what they tell you to do... or else. You have no human rights, none at all. If the government doesn't kill you, then the lack of food probably will. Already millions have died because of famine. This is the scariest place in the world.

Imagine you were born in North Korea.

It is estimated that more than 3 million people in North Korea have died of starvation and starvation-related causes the past 5 years. That is 15 percent of the population! Yet, most of the world remains oblivious to the needs of the millions of perishing people in North Korea. The World Center for North Korea missions is actively spreading awareness and mobilizing people. Will you join them by supporting their efforts to stop the terror in North Korea? You can be connected and receive the latest news on North Korea, by simply jotting down your email address on the sheet attached.

Thank you!
